SPRUCE PARK APARTMENTS:

The president of Spruce Park Apartments Ms. Linda Phostic informed me of the many changes being made with the tenant association. As early as next week there will be a Children's forum, which consist of an award ceremony for the children of the complex and their achievements. At the forum there will be AT&T vendors and other venders. Spruce Park Apartments will also have a ribbon cutting for the opening of the Playground, which will be held on April 14th. In addition to the ribbon cutting for the playground there will also be an opening of the computer room and library on a later date, once the surveillance cameras are installed.

It is great to hear of such progress and know that if we work together as one we can achieve any and everything, to help our community and ourselves. The next Tenants meeting will be held on April 5th at 6:00 p.m. I will personally make every attempt to attend the next meeting so I can see for myself the great accomplishments the tenants association has made and to personally congratulate all participants.
